

GLOBAL FINTECH HACKCELERATOR 2026

Slide 1 / 10 · Title

AuraPay Global

Telegram bot end-to-end: crypto → cash

Chat-native payment rails for remote teams & digital natives — @AuraPayGlobalBot.

2,000+

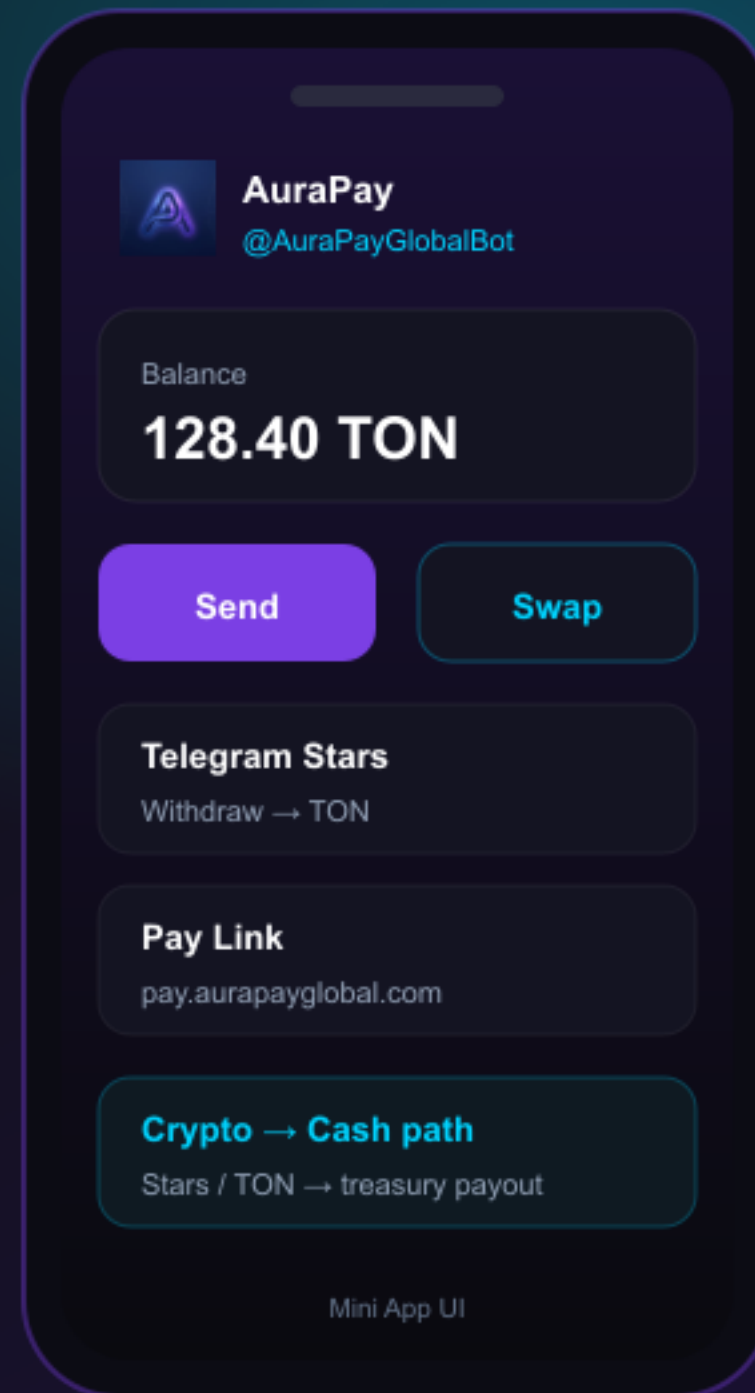

ACTIVE USERS

TON + USDT

LIVE ASSETS

Bot + Web + API

SHIPPING TODAY

\$100B+ lost to friction

Remote teams & HNW clients bleed value on wires, FX, and broken crypto→cash paths.

3–5d

Wire delays

Correspondent banking stalls payroll and contractor payouts.

3–7%

Opaque FX fees

Hidden spreads erode remittances and remote payroll budgets.

Broken path

Crypto stops before cash

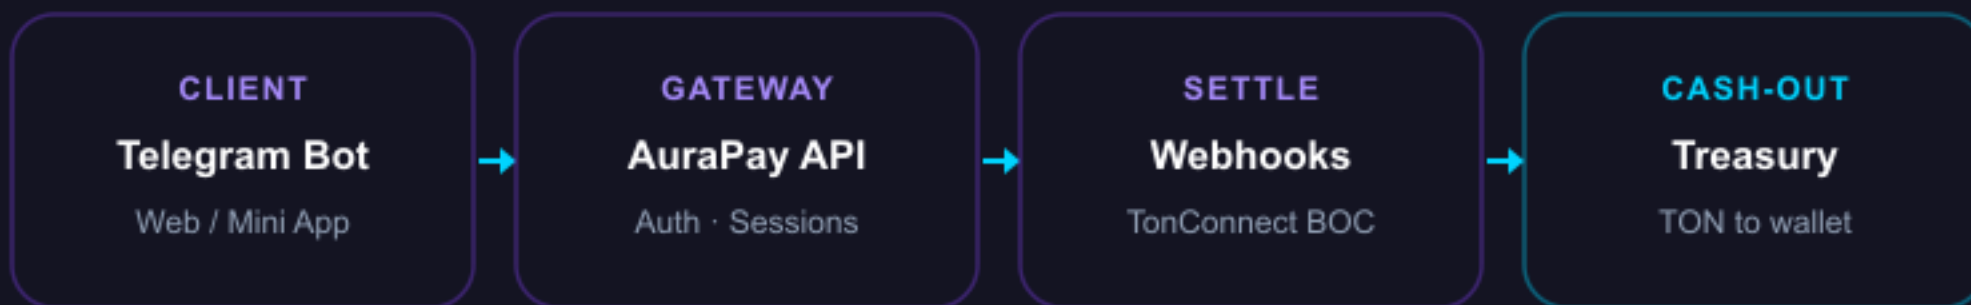

Fragmented wallets, exchanges, and banks — finance outside chat.

No end-to-end Telegram settlement.

One bot. End to end.

@AuraPayGlobalBot: chat request → Stars/crypto settle → treasury TON cash-out.

CRYPTO → CASH FLOW

Live today on Telegram + aurapayglobal.com

TonConnect non-custodial sign → BOC settle → fee wallet → treasury payouts

North star: finish bot path to local bank cash (fiat on/off-ramp expansion)

Also: Slack / Discord / Web expansion of the same rail

@AuraPayGlobalBot

t.me/AuraPayGlobalBot

Built to finish crypto → cash

What ships today inside @AuraPayGlobalBot and the web gateway

Multi-currency wallets

TON & USDT balances in Mini App + web

LIVE

Telegram Stars

Buy, ledger, withdraw Stars → TON

Merchant API

Keys, webhooks, analytics

LIVE

Crypto → cash path

Treasury payouts to user wallets

LIVE

\$1.2 Trillion

Global cross-border payout & remote payroll

Expanding with remote-first hiring and digital-asset cash-out demand.

SEGMENT

Global talent & remote teams

Payroll & contractor payouts

SEGMENT

HNW digital natives

Chat-native wealth settlement

WEDGE

Telegram-first crypto → cash

Where work already happens

Bot-native settlement stack

Architecture that owns the full crypto → cash path

01 · Routing

Smart liquidity / FX routing across TON, USDT, and swap pools (Omniston / STON.fi).

02 · Webhooks

Instant settlement webhooks, BOC settle + cron confirm, merchant delivery logs.

03 · Native bot

First-party @AuraPayGlobalBot + TonConnect non-custodial signing — keys stay with user.

Live product. Real distribution.
