Why AuraPay exists

PROBLEM

Fragmented Telegram crypto payments

Merchants juggle wallets, Stars,
and off-platform checkouts.

Users need one trusted place to
send, swap, withdraw Stars, and get paid.

SOLUTION

One gateway: bot + web + API

AuraPay unifies TON/USDT payments,
Instant Swap, Stars → TON, pay links,
and TonConnect under aurapayglobal.com.

Not affiliated with aurapay.com

What ships today

Live rails for consumers and merchants — not slideware.

PRODUCT	DETAIL	STATUS
Send & Receive	TON and USDT to any wallet / Telegram user	Live
Instant Swap	TON ↔ USDT via Omniston / STON.fi	Live
Telegram Stars	Top up, ledger, withdraw Stars → TON	Live
